# Regional Outreach Training 2004-2005

We are pleased to offer you the Exceptional Student Services (ESS) Regional Outreach Training 2004-2005 schedule. Six topics will be offered from September through April. Each month a topic will be presented across the state by the ESS staff. For further detailed information about each training program, please contact the Educational Program Specialist who is assigned to your district or charter.

This booklet contains the title of the training with its description as well as the target audience, training dates, times and site locations. You will also find registration information and a training program contact person listed below. Included on the last page is the current 2004-2005 school year training schedule and locations for the regional training Alternate Assessment Data System, Internet (AADS) as well as an ADDSI training registration form.

This booklet is also available on our web site at: <http://www.ade.az.gov/ess/EssResources.asp>, and select Outreach Trainings or ADDSI. *Please be sure to check for updates to the schedule and site locations on our web site before attending (some dates and locations may change or are to be announced).*

Exceptional Student Services looks forward to working with you, our partners,  
in supporting students with disabilities across Arizona.

## Registration

All trainings are free. However, **registration is required!** We are asking you to please complete your registration *no later than one week before the offered training date*. This is extremely important because each site has an absolute room capacity, which may not be exceeded. *A minimum of five registrations will be required one week prior to guarantee the training.*

You may register on our web site at [www.ade.az.gov/online/registration](http://www.ade.az.gov/online/registration). If you do not have Internet access, you may register through Kat Kozell at the Arizona Department of Education or contact her to request specific accommodations. Many of these sites do not have access to food and drinks, so it is advisable to bring what you will need to be comfortable.

If you are unsure of the location of a site, please consider searching for a map on the Internet with a tool such as MapQuest <http://www.mapquest.com/> or Yahoo Maps <http://maps.yahoo.com/>.

For registration other than on our web site and general training program information, please contact:

# ALTERNATE ASSESSMENT HAS CHANGED!!!

## NEW ALTERNATE ASSESSMENT OPTIONS

There is now an AIMS-A Level II and an ASAT Level II. This assessment was developed for junior high school (grades 6 to 8) and senior high school (grade 9 to 12) students with significant cognitive disabilities and is based on the articulated Arizona Academic Standards for grades one through three.

The Web-based alternate assessment data entry and validation system formerly known as Alternate Assessment Data System, Internet (AADSII) is changing to incorporate the new Level II assessments and will be available for use on January 5, 2005. Alternate assessment data collection should start at the beginning of the 2004-2005 school year and will require that hard copies of the alternate assessment forms be used to record data.

## WHO SHOULD ATTEND?

One to two representatives, including administrators and special education teachers from school districts, charter entities, private day schools, RTCs, and accommodation schools, who are responsible for providing services to students eligible to participate in alternate assessments.

**Due to significant changes** in the submission of alternate assessment data this year, **it is extremely important for public education agencies (PEAs) to send participants to the training** in order for them to train other teachers in the PEA on new requirements.

## HOW TO REGISTER

Review the scheduled training dates and fill out the attached registration form for all persons who will be attending from your Public Education Agency. *There is a fee for AADSII training. The charge is ten dollars (\$10.00) per person, which will be used for lunch and materials.* The attached registration form and a check or purchase order payable to Tucson Unified School District/AADSII PROJECT should be mailed to:
